## Adjuncts to Property Issues Report

1. The Finance Division releases a monthly status of funds and property issues report to the various Agency components. The property issues portion of this report is printed from the III property issue cards.

5. Since this report is based upon punch cards maintained by the Machine Records Division for the Office of Logistics, it is proposed that the attached form be established for the use of the various allottees in advising the Office of Logistics to adjust its records when errors are detected in a report (i.e. incorrect allotment symbol, etc.) All resulting corrections in Logistics records would thereby be reflected in the Finance Division report. Proposed instructions and transmittal letter are also attached for your consideration.

3. If you concur in this proposal, this Office will arrange for the forms to be printed and distributed with the related instructions as a joint issuance of the Office of Logistics and this Office.
